

Eakins wants Browndale information

John Eakins, MPP Victoria-Haliburton wants more information on all properties leased, rented or purchased by Browndale (Ontario), for use in their treatment program subsidized by the Ontario Government.

Mr. Eakins, who tabled a private member's notice of motion for production of papers in the legislature, told The Echo that he would like to know the background of Browndale.

He pointed out that he doesn't think there is being enough information supplied by Frank Miller, Minister of Health for Ontario, on the situation at Browndale.

Mr. Eakins noted that the Ontario Provincial Police have seized the books

from Browndale's head office.

"Miller should be producing the information on the property set-up," Mr. Eakins said, "We feel, right or wrong it should be open to the public."

He pointed out that the government subsidizes Browndale with \$7.3 million per year for treatment of about 300 children.

He said that he does not question the type of operation Browndale is and noted that he would like to see it stay in Haliburton County. He added though that perhaps John Brown should not have a monopoly of these types of centres.

Mr. Eakins said he is questioning the administration, "after all, taxpayers'

money is paying for it."

He said that Browndale is a good industry for Haliburton and his party (Liberal) is anxious for good service to children.

A news release from Mr. Eakins explained the special legislative procedure for a Notice of Motion for Production of Papers.

"This legislative procedure has rarely been used in the Ontario Legislature," said Mr. Eakins, "and certainly not within recent memory."

"We have, in desperation, resorted to this means of attempting to force the government to produce documents which

should rightly be in the public domain, having in the past tried every other alternative method of persuasion, without success. In my view, effective freedom of information legislation is badly needed in Ontario.

"Several of my colleagues have also published similar motions."

Margaret Campbell (St. George) has petitioned for the Ministry of Health audit of Browndale (Ontario), and all pertinent material gathered in the course of that audit; Vernon Singer (Wilson Heights) for copies of the Minutes of all Ontario Housing Corporation Board of Directors. Meetings from January 1st 1973, to June

30th 1976, inclusive; Ray Haggerty (Erie) for copies of studies made for the Ministry of Treasury and Intergovernmental Affairs on the Pickle Lake Development.

"Pat Reid of Rainy River has petitioned for copies of all documents dealing with environment studies, native peoples' rights, communications related to the above as it applies to the proposed Reed paper project in North-Western Ontario.

"That Opposition Members should be forced to resort to an archaic, rarely used legislative procedure in their determination to obtain vital information is an indictment of this Government's persistent and arrogant disregard of the inherent rights of the Legislature".

"The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol. 1, Report of the Special Senate Committee on Mass Media, 1970.

Haliburton County The Echo

"The voice of the Highlands"

The Haliburton County Echo was established in 1882 as the Minden Echo and Haliburton Recorder. It is an independent weekly newspaper serving Haliburton County as its voice for 94 years. The Echo is published every Wednesday by Algonquin Graphics Ltd. Box 360 Haliburton, Ontario.

Local highway improvements

Delegation successful

A delegation from Dysart et al council along with John Eakins MPP Victoria Haliburton, met with a great

deal of success when they approached the Ministry of Transportation and Communications in Toronto rec-

ently concerning Highway 121 through Haliburton Village. A news release from Mr.

Eakins stated, "The Ministry are aware of our concern, and assured us that this project will be carried out without undue delay."

The release went on to point out that the cost of construction of the section of the connecting link is shared between the municipality and the Ministry of Transportation and Communications.

Mr. Eakins said that the design of the .25 miles of road is the responsibility of the municipality and that it is quite possible that it will require the use of consultants for completion.

Dysart Reeve Murray Fearrey called the meeting with the ministry, "very successful."

Reeve Fearrey said that construction of the road from the bridge into town and along the main highway will start in 1977. He told The Echo that the delegation got this as a commitment from the MTC.

In the release from Mr. Eakins it is pointed out that assurance was given by the ministry that every effort would be made to ensure that work will cause the least amount of disruption with the summer tourist traffic.

Man found guilty in pellet pistol case

Charged with possession of a carbon dioxide powered pellet gun for a purpose dangerous to the public peace, Brian Baker of Dorset was tried in the Provincial court on Thursday, Oct. 28.

He initially pleaded not guilty to the charge which was the result of a confrontation between him and his brother in law, Edward Cross of Dorset.

The two were at a dance at the Dorset Community Center when Cross was asked by the man in charge of the function to help take Baker outside following a dispute between Baker and another person. Cross testified that Baker appeared to resent his interference.

Later that evening, Baker has appeared outside the Cross home and had challenged Cross to come outside. Wayne Brainard, present as a sitter for Mr. and Mrs. Cross, testified that she had seen Baker holding the pellet pistol. Cross had gone outside and fired a rifle into the air, the evidence showed, and Baker had left, apparently dropping the pistol in the driveway.

In the middle of the proceedings, the defence changed the plea to guilty. Counsel Ted Gardiner explained that the complainants and accused had decided that since it was a family matter and was causing a great deal of upset to those who had come to testify, the plea would be changed.

Since Baker was apparently a fairly peace loving citizen, and no damage had

been done although the public peace had been endangered, Judge Inrig ruled that Baker receive a suspended sentence, and two years probation. He is to

keep the peace, not to have any weapons, stay out of licensed premises, allow the pistol to be confiscated, and pay court costs of \$96.

\$18,000 LIP grant to employ five

Dysart et al has received a Local Initiative Program grant worth \$18,700 which will employ five men for 110 man weeks.

Reeve Murray Fearrey told the Echo that the men will be working at complet-

ing the renovations to the municipal office.

He noted that the starting date for the project will be around December 1.

Reeve Fearrey pointed out that the job applications will be handled through manpower.

Fire destroys car man charged

Donald Conrad Reil, 21, of Toronto has been charged with mischief in connection with a fire which destroyed a 1974 model car.

The Minden detachment of the Ontario Provincial Police estimated the damage to a car owned by Gary Webster, 23, also of Toronto at \$3,500.

The car was gutted early Saturday morning.

Reil was treated at Haliburton Hospital for facial burns.

Rexdale resident drowns

A Rexdale man drowned early Sunday morning in Big Straggle Lake, in Harcourt township.

Eli Hunter, 61, was found floating in the water by a neighbouring cottager.

The Minden detachment of the Ontario Provincial Police report that Hunter was thrown from his 12 foot aluminum boat when it capsized.

Coroner on the case was Dr. Edward Christensen of Haliburton. The police report that there will not be an inquest.

Things sure were different in 1909 and this view looking at the municipal building sure proves that. If you look close enough you will see a horse and buggy on the right hand side of the picture. A

picture elsewhere on this page shows the same view today. Our thanks to Ron Curry for this picture.

It isn't hard to see the changes made in Haliburton Village by comparing this picture looking down the street at the municipal building

with the picture above. Ron Curry has prepared a short history on the village and municipal building which can be found on page 3.

Huskies, midgets get fast start

The hockey season got underway in a big way for two Haliburton Hockey teams, scoring a total of 33 goals in two weekend games.

The Huskies broke a 1-1 deadlock in Colborne to score seven second period goals and down the Must-

angs 11-3.

In midget action, Haliburton played some tricks on Omamee Halloween night and ended up with a few treats, 22 in all to whitewash Omamee in a game played in Haliburton.

For complete game results see the Echo Sports page.

Remembrance Service Nov. 11

On Thursday morning, Nov. 11 at the hour of 10 a.m. in the Royal Canadian Legion Auditorium, a service of Remembrance will be held to pay tribute to those brave men who laid down their lives making it possible for us to live in peace and comfort in the finest land under the sun.

Is it asking too much of the citizens of this area to pause on Thursday morning for an hour to participate in this act of Remembrance?

Following the service at the Legion a parade led by the Haliburton Legion Pipe and Drums will make its way to the Cenotaph on Highland Street for the laying of the wreaths and the act of Remembrance at 11 a.m. Everyone is invited to take part in these services.

In the evening a Remembrance Day dinner will be held in the Royal Canadian Legion for Legionnaires and their wives and/or friend.

Home owner grant ill conceived

"The Government's first time home owner grant scheme was ill-conceived and inefficiently administered," according to Liberal M.P.P. John Eakins (Victoria-Haliburton). "and the post audit investigation is yet another instance of Government bungling."

Mr. Eakins went on to say that in his 1975 Budget, Mr. McKelough announced the scheme would cover new and used homes, regardless of price or purchaser's income - surely a naive approach. The intention was to encourage home ownership, he told us. What he meant was the scheme would encourage people to vote for his party. What actually happened was that it encouraged thousands of people to rip off the Ontario taxpayer - courtesy of the Government.

"Soon after the scheme was put into operation, we heard stories of people, who could well afford a down payment on a house, using the grant money to buy broadband and drapes, take holidays in Florida - all at the taxpayers' expense. Why weren't the applications checked more thoroughly at that stage? Was the Government afraid this would be an unpopular idea, adversely affecting their election hopes? Why were so many low income people with modest low priced homes turned down? Were they considered by the Government as too cheap, when people of the \$100,000

and up category had no problems whatsoever? he asked.

Mr. Eakins said that it is well known that people moved into a house on December 30 with a bed and toaster and moved out on January 5, then rented the property and collected the \$1,000. I ask the Minister of Revenue what precautions he is taking to ensure that the taxpayers will not be ripped off for the remaining \$500.00?

"Now we hear that (1) the 9,000 ineligible recipients already discovered represent a much higher percentage than the Government anticipated when it launched the investigation, and (2) the investigation will be cut short because the cost cannot be justified. If the cost of the auditors' services was prohibitive in the first place, the investigation should never have been undertaken - or did the Government not know how much the auditors' services would cost? If the Government stands to recover more money than anticipated, then surely this money will partially offset the cost of the investigation," he said.

Mr. Eakins said that obviously, both home grant

scheme and post audit investigation were undertaken with little consideration of the costs involved, and with a blind faith, incredible in a so-called

sophisticated bureaucracy that scheme would not be abused. As usual, the Government's attitude was 'It's good public relations. Let's do it. The taxpayer will foot

the bill."

"Frankly, taxpayers today are sick and tired of picking up the tab for Government mistakes," he concluded.

FBDB

Management seminar planned

A business management seminar primarily for people interested in small businesses will be held in Haliburton, at the PineStone Inn, Wednesday, Nov. 10.

Arranged by the Management Services Department of the Federal Business Development Bank, in co-operation with the Haliburton Chamber of Commerce, the seminar will be one of several hundred conducted by the Bank in smaller cities and towns across Canada. Some 25 to 30 people interested in business are expected to attend the seminar.

They will be using the

case study method to examine a small business. AN EXPANSION PROGRAM AND INTRODUCTION TO FINANCIAL STATEMENTS.

The Bank's Management Services has three main spheres of activity: Management Training, Management Counselling and an Information Service. The Information Service provides details of approximately 100 Federal Government assistance programs to businesses. There is also a pamphlet series entitled "Minding Your Own Business" which now contains 14 pamphlets on various subjects. The small Business News is issued quarterly.

The Management Counselling provided by the Bank is done mainly by retired executives and concentrates on solving the problems of small businesses which cannot afford to employ experts on a full-time basis. This service is provided at a nominal daily rate.

The Management Training Program, as well as providing seminars on various subjects of interest to business people, also provides management courses to provincial educational institutions for the owners and managers of small businesses.

This is Energy Conservation Week.

Here is what you can do to help Ontario conserve energy.

Energy. It will cost us \$7.5 billion province-wide this year.

To help cut that cost, your Ontario Government established the Energy Management Program. The goal is to save \$1 billion a year on energy bills throughout Ontario by 1980.

Ninety-five energy management research and demonstration projects are underway to help you use less energy at home and at work.

You too can conserve energy and save money by:

- Insulating and caulking your home
- Lowering daytime temperatures to 68°F (20°C) and nighttime temperatures to 63°F (17°C)
- Closing drapes on all windows on winter nights
- Replacing air filters on warm air heating systems once a month
- Using 40 watt instead of 60 or 100 watt bulbs where practical
- Keeping the damper closed when the fireplace is not in use
- Installing storm windows and doors
- Turning off lights and TV when not being used

- Warming up your car's engine gradually
- Avoiding idling the engine while waiting

For more ways to save energy and money, send for the free booklet "Energy Conservation... The Choice is Yours".

65 occurrences investigated by Minden OPP

The Minden detachment of the Ontario Provincial Police investigated 65 general occurrences and five motor vehicle collisions during one week period from Oct. 25 to 31.

During that time the staff investigated four break ins and delivered one compassionate message.

There was one person charged with a Liquor Licence Act violation and two persons charged with impaired driving.

A car, truck collision Monday afternoon left this car hanging over the edge of Highway 519 near Bayshore Acres Road. The driver of the car was Mina Mary Miller, 42, of RR 1 Haliburton and the driver of the truck was Eric James Thompson, 44, of RR 1

Haliburton. Ethel Hutchings, 70, of RR 2 Haliburton, a passenger in the Miller vehicle received minor injuries and was taken to Haliburton Hospital. There was \$500 damage to the car and \$80 damage to the truck.

Provincial Court report

A charge of failure to remain at the scene of an accident laid against Minnie

Hall was withdrawn at the Provincial court on Thursday October 28. The crown

Tory Hill man guilty of mischief

Colin Dick of the Tory Hill area, pleaded guilty to a charge of mischief.

He appeared in provincial court Wednesday.

Mr. Dick had forced his way into a house on July 13 causing \$10 damage and frightening the occupants. He was intoxicated and was not sure where he was, the evidence stated.

It was suggested that probation would be of more assistance to the accused and to society in general than a jail term. Mr. Dick was given a suspended sentence of two years and probation with the conditions that he not consume any alcoholic beverage, obtain medical treatment, stay out of licensed premises, make a \$10 restitution to the owners of the house and report for a period of time to a probation officer.

Hilliard John Raymond of Minden, charged with impaired driving and refusing to give a breath sample. He failed to appear in court on October 27. At that time he had specified or at any other point in the day.

He had been seen in Minden that morning, the

crown attorney reported. A bench warrant was issued for his arrest.

J.C. Reynolds
convicted, not
J.M. Reynolds

The Echo would like to explain that the James Reynolds mentioned in last week's paper in connection with a conviction of theft under \$200 is not James M. Reynolds of Haliburton, but is James C. Reynolds who has not been a permanent resident of the area as long as Mr. J.M. Reynolds. James M. Reynolds is a life long resident of Haliburton who operates a sand and gravel business from that town and is not related to James C. Reynolds who was involved in the court case.

attorney, Gerry Warren said that although he felt morally that there should be a charge, the facts were not sufficient to sustain the case.

Fined \$160

Robert Harrison, charged August 1 near Minden with impaired driving, pleaded guilty to the charge on Thursday in Provincial court. He was stopped by the OPP on highway 121 east-bound for erratic driving and was later given a breathalyzer test.

He was fined \$160 and \$5 costs, and his licence is automatically suspended under the Traffic Act.

Conditional discharge

John R. Brown of Willowdale and Jeffery Collins of Markham were found guilty on Oct. 26 of removing a stop log from the dam at Twelve Mile Lake on July 26. They were given a conditional discharge, extending over a two year period.

False statement

Frank Vigh of Haliburton appeared before the Provincial court in Minden Oct. 26 to answer 11 counts of making a false statement according to the Unemployment Act.

The first offence was from April 27, 1974 and the last September 14, 1974.

He was fined \$100 on the first six convictions and was put on two years probation for the last five. The overpayment that he received is also to be returned to the Unemployment Insurance Commission.

\$150

On Oct. 26 at the Provincial court in Minden, Richard Shaw of Haliburton pleaded guilty to a charge of impaired driving and one of refusing to give a breath sample for a breathalyzer test.

He was fined \$150 on each of fifteen days in jail. He is serving the jail sentence.

On the same day, Mr. Shaw answered a charge of possession of narcotics. He received a conditional discharge and a probation of two years for the first offence.

Disturbance

For causing a disturbance at the OPP offices on August 16, Linda Shaw of Haliburton was given a suspended sentence and probation for one year. The case was

before the Provincial court in Minden.

Possession

Clayton Roberts of Haliburton was found guilty Oct. 26 at the Provincial court in Minden of possession of narcotics. He was charged with the offence on Sept. 25.

He was given a given a conditional discharge.

17 days

Derek Warburton of Minden will serve a 17 day intermittent sentence for a plea of guilty to impaired driving on August 18. Mr. Warburton was before the court on Oct. 26 to answer the charge.

Impaired

Stanley Houghton, of Downsview was fined \$220 at the provincial court on Oct. 26 for impaired driving. Mr. Houghton has been charged on Sept. 11.

\$100 or 10 days

Oram Rowbotham of Haliburton, guilty of impaired driving was fined \$100 or 10 days at the Provincial court in Minden. Mr. Rowbotham was apprehended on August 26. He chose to serve the 10 days in jail instead of paying the fine.

UIC charges

Raymond Shaw of Haliburton was fined \$100 on each of three counts of making a false statement to the Unemployment Insurance Commission.

Guilty of the same offence Maureen Bonfield of Wilberforce was also fined \$100 on each of three counts of making false statements to under the Unemployment Insurance Act.

Pleads guilty

Raymond Griffin of the Minden area pleaded guilty at the Provincial court on Oct. 27 to a charge of impaired driving. He was apprehended on Minden's Main Street on June 22 as a result of information from a private individual, the police evidence stated.

This charge was one remaining after Mr. Griffin had answered other matters in another jurisdiction. He has been receiving treatment as a part of the other sentence, and had 24 days to go on a three month jail term.

Judge Inrig ruled that Mr. Griffin could serve a concurrent sentence of 20 days for the impaired driving offence.

The history of Haliburton

by Ron Curry

The decision to open the Huron-Ottawa country to settlement was implemented by the advertisement of January 13, 1859, offering townships for sale at fifty cents per acre. A reply came within the same month from John B. Robinson, a Toronto lawyer and son of Sir John B. Robinson, Chief Justice of Upper Canada.

Robinson had clients in England who were very interested in just such a proposition as the commission was offering. This resulted in Mr. Haliburton and seven other men forming the Canadian Land and Emigration Company Limited, which was incorporated in London, England, on April 15th., 1861. The townships later purchased were Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde.

These nine townships became the Municipality of Dysart et al and were incorporated by By-law No. 272 by the County of Peterborough in 1865 to take effect on January 1st. 1867.

On September 30, 1962, an Historical Plaque to commemorate the Founding of Haliburton was unveiled by the Ontario Archaeological and Historic Sites Board.

FOUNDING OF HALIBURTON

The Canadian Land and Emigration Company of London, England was incorporated in 1861 and purchased for settlement purposes in this region, nine adjoining wilderness townships comprising some 360,000 acres of land. The town plot of Haliburton was surveyed in 1864, a sawmill erected there that year, and a grist-mill built in 1865.

Charles R. Stewart was appointed the first resident land agent, and the community was named in honour of Judge Thomas Chandler Haliburton, Chairman of the Company and famous for his stories of "Sam Slick". Haliburton's early growth was stimulated by the extensive operations of enterprising lumbermen such as Mossom Boyd, and the arrival of the Victoria Railway in 1878.

Several histories of Haliburton Village, the Municipality of Dysart and the Provisional County of Haliburton have been published.

The council of the Municipality of Dysart et al held its first meeting on January 7th 1867, in the log school house in Haliburton Village. They continued to meet in the school until the first Town Hall was completed on November 15, 1871.

The Town Hall was located on Block "C" of the town plan of Haliburton and was purchased from the land Company for \$100.00 on May 15, 1869 for the purpose of Market Grounds and Public Square. This building became the Community Centre. The official opening assembly of the Victoria Railway was a very special occasion on the evening of the 26th of November 1878, with dancing at 9:00 P.M. and supper at 12:30 P.M. at a cost of \$1.50.

On July 5, 1895, a special meeting of the Council was called to discuss the disastrous loss of the Town Hall by fire and what steps to be taken to build a new hall.

After many meetings the plan and specifications furnished by a MacLeod of Fenelon Falls were accepted with one exception, that an exit from the main floor of the hall at the rear be included as marked in pencil on the plan. Clerk to advertise in Peterborough Review, Lindsay Post, Bobcaygeon Independent, Minden Echo and Fenelon Falls Gazette for tenders. Tenders

Found guilty carrying gun

A plea of not guilty to a charge on carrying a firearm with intent to hunt on a Sunday was entered on behalf of Owen Mintz at the Provincial court in Minden on Oct. 28.

Mr. Mintz has been questioned by Natural Resources Conservation Officer Kenneth Jackson on September 26, and was advised that he would be charged.

Since no defence was entered on Mr. Mintz's behalf, there was a finding of guilty and a fine of \$35 and \$5 costs given.

to be received not later than the 16th of April 1897.

On April 17th. 1897 a resolution was passed, approving the building of Town Hall on the north west corner of Block "C" front of Hall to be twelve feet from line, side to be built on West line. This was on the location of the first hall built in 1871. The tender of Alexander MacLeod of Fenelon Falls for the building of Town Hall for the sum of \$2,200.00 including plan and specifications be accepted. The work to be started not later than the first day of May and completed by the first day of October with a penalty of \$5.00 for each day over the completion date.

On September 23rd the new Town Hall as built by A. MacLeod was accepted and he was paid the balance of the contract in full. The council expressed their complete satisfaction at the way he carried out the contract.

The new Town Hall very quickly became a recreation, cultural and community centre. The Agricultural Society displayed many exhibits at the annual Fall Fair. The Women's Institute carried on programs in the Arts and Crafts and other organizations, as a public service, brought entertainers from Toronto and other cities.

One of the early artists was Miss Pauline Johnson. She wore a magnificent beaded, buckskin costume, her hair in braids on her shoulders and a band, with a feather in it, around her head. She carried a paddle and recited "The Song My Paddle Sings". She also recited Captive! "Is there a hell to him like this". Her eyes flashed and she looked so fierce that young children became frightened. For her other readings she came on the stage looking very regal in a magnificent evening gown of rich pink satin with her hair dressed high on her head.

Bengough, the famous cartoonist displayed his artistic skill plus his ability to cartoon on a local character or situation without giving offence made him very popular.

The new Hall had a good stage, with a roll drop curtain depicting a scene of oils, and dressing rooms on each side. Local Brass Band Concerts, the Dramatic Club and Box Socials were only a few of the many local

Business Management Seminar

IF YOU

- Operate your own business
- Manage someone else's business
- Expect to start a business

THEN: You are invited to attend a Small Business Seminar at the Pine Stone Inn Hwy. #121, Haliburton, Ontario, Wednesday, Nov. 10th 9:00 AM-4:30 PM registration: 8:30 AM

THE DAY'S AGENDA

Using the case study method you will analyse the problems of a small business—"The Corner Store"—facing expiry of its lease. The choices are either, pay more rent, construct another building, move to another location, or buy the building presently occupied. You will be exposed to the impact of these decisions on your financial statements. There will be brief presentations by speakers as well as group workshops. There will be a review of financial statements.

REGISTRATION:

If you are interested, please complete the registration coupon below, and mail it before Nov. 8th along with your cheque for \$15.00 per person. This amount covers registration fees and luncheon. For further information, please contact Peter Cash at tel: 416-576-6800

NOTICE NOMINATIONS

Municipality of Dysart et al
MUNICIPAL ELECTIONS
DECEMBER 6, 1976

Nominations of candidates for the following offices will be received by the undersigned during normal office hours from Thursday, November 11, 1976, to Monday, November 15, 1976 at 5:00 p.m.

The Office of Reeve

The Office of Deputy Reeve

The Three (3) Offices of Councillor

The Four (4) Offices of School Trustee

Nomination papers are available from the office of the Clerk and -

(a) Shall be signed by at least ten (10) electors whose names are entered in the polling lists of electors entitled to vote in an election to such office.

(b) Shall state the Name, Occupation and Address of the person nominated in such manner as will identify him and the office for which he is nominated.

(c) Shall state the Name and Address of each elector signing the nomination paper.

Wayne B. Wood, A.M.C.T.
Clerk and Returning Officer.

Township of Cardiff NOMINATIONS

Nominations may be filed for offices of

Reeve

Deputy Reeve

3 Councillors

One Public School Trustee to the Haliburton County Board of Education to represent the Improvement District of Bicroft and Township of Cardiff

at the Clerk's office in the Township of Cardiff, McGillivray Road, R.R. #3, Bancroft during normal office hours from November 11, 1976 to November 15, 1976.

Nomination papers are now available and can be obtained from the Clerk during regular office hours prior to and during the period of nominations.

Note: The onus is on the person nominated for election to an office to file a bona fide nomination paper.

Further information as to these procedures is available at the Municipal Office.

M.J. McBride,
Clerk,
Returning Officer.

Echo Editorials

The Poppy is the Flower of Remembrance

The Poppy is one of the oldest of all flowers, as it dates back to the early ages.

In the legends of ancient China, and even almost up to modern times, the Poppy was known as the Flower of Forgetfulness because of the fact that the opium which was distilled from the Poppy caused sleep to those who used it, and consequently forgetfulness of all that one might want to remember.

This meaning was continued, not only in China but throughout other parts of the world, until about the time of the Napoleonic Wars when some observant person and writer noted the fact that on the field where battles had been fought, which were unproductive and were bare waste before the conflict, after the battle, and the burying of the youths on the field, these waste places blossomed forth into vast seas of the scarlet blossoms of the Poppy.

This botanical phenomenon was very obvious at Waterloo, Dettigen and other battle fields.

Notwithstanding the fact that professors and students of botany visited these battle fields and attempted to solve the mystery of the phenomenon, yet even today, no one can account for something which is a definitely defined fact - that **POPPIES GROW IN PROFUSION** on battle fields where before these fields were more or less desert with no grass or weeds growing.

During the Great War many of the veterans of the conflict had an ample opportunity of seeing for themselves how Poppies grow in fields following the great battles, and it would appear that these battle fields and Poppies contained therein have set themselves the task of making the Poppy the "FLOWER OF REMEMBRANCE" which is though of today quite exclusive of that old thought that the Poppy was the Flower of Forgetfulness.

Village will need support for arena

Haliburton needs our support!

The Municipality of Dysart et al, and more directly the people of the municipality will need an injection of community spirit in the next few months, to raise enough money to make repairs to the arena.

Community spirit isn't something you buy in a bottle or find on the counter of a local store, it is something everyone has to seek out for himself.

People have to find out what the community means to them, what benefits they get out of it and somehow decide what they want to put back into it.

It has been proved time and time

again that simply paying your property taxes is not sufficient, if you want to be part of the community. One has to look a little further than that.

It is important to everyone in Haliburton that the arena stays open and usable by as many people as possible. It is important from the adults point of view, because of the recreation facility it provides, but it is more important from the point of view of the youngsters, because it is in that building that many young lives are built into respectable citizens.

Give generously when the time comes to lend support to the Dysart Arena.

Lights were not missed until turned out

There is an old saying that you never miss the water until the well goes dry. This could also be applied to the stop lights at the main intersection at Haliburton.

These traffic lights at the intersection known as Highland and Maple have been out of commission for some time now and they have caused quite an inconvenience for the motoring public.

We understand that a truck hit one of the lights, throwing the entire lighting system out of commission. What we can't understand is why it is taking so long to get them back into operation. It seems like a long time to us.

At the present time motorists are being held up here as no one seems to know who has the right of way and who is to go first.

We have also noticed that some motorists who are unaware that the lights are not working are stopping for at least ten minutes at a time for the lights to change. This is tough luck as the lights are not changing.

We hope that it won't be too much longer before these lights are back in operation and the traffic will once again pass through without any problems.

We were a long time in getting these lights and it's a shame that they have been out of order.

THE JAMES L. AND ISABEL BROWN WITH THEIR THREE SONS ALEX, BILL AND JAMES ON THE SHORES OF LAKE KASHAGAWIGAMOG IN 1894.

This pioneer family lived for many years on a farm four miles west of Haliburton village. In 1906 they sold their farm to the Le Boutillier family and moved to New Liskeard in Northern Ontario.

The young man in the center of the photo is Bill Brown and he later married Hannah Jane Archer. Their son Alex recently attended the funeral of the late Ray Archer in Haliburton. Alex is now retired and living in New Liskeard.

Pic of the Past

His mother died and his father's second wife was Sophia Moon of Haliburton. There are many families in Haliburton related to the Browns by marriage including the Archers, Moons and Blairs.

The writer and Holly Robertson visited the Browns in New Liskeard in 1935 and again in the late forties when Haliburton curlers, playing in the Northern Bonspiel, also called on the Browns.

This photo has been in my collection for many years and it was interesting to talk to Alex Brown the grandson of James and Isabel Brown.

Our thanks to Ronald J. Curry of Haliburton for submitting this photo.

As others see it

Dear Editor,

I would like to relay the story of a "Good Samaritan" who lives in West Guilford and his kindness to our family.

We were on the road for the second day when the surprise snow fall of October 9 began. Our plans were to meet relatives at our cottage on Lake Kennesis to celebrate the festivities of Thanksgiving. With anticipation of a wonderful week with the family and being away from the rushes of everyday life, we took our time to enjoy Ontario's marvelous color along the road.

Just outside of Haliburton, coming along highway 121 from Bancroft, our car went off the road into a rock cut. It was only moments before "our hero" Barry Sisson stopped to give us aid. Barry was heading the opposite way to join his sister's family for dinner. He very thoughtfully offered to take us to the hospital in Haliburton to be checked and loaded the things we would need immediately into his truck. I was taken by his cheerful nature and the whole family very quickly felt comfortable.

After determining there were no serious injuries at the doctor's office, Barry stayed with us to help arrange for the car to be towed and the police to investigate, to see that we got groceries.

and made two trips with our family and our belongings, the twenty-five mile trek into N. Kennesis Lake. Our children are still discussing with their friends the big bag of red licorice that Barry brought for them (the perfect gesture for children after the shock of an automobile accident).

This gentleman of your county spent at least seven hours caring for our family who were total strangers to him. Being very far away from home, with the power lines down and no way to communicate for help, we cannot say enough to commend our "Good Samaritan", Barry Sisson.

I hope that you will find a spot in your paper to publicly extend our thanks and sincere appreciation to Barry.

Mike and Brenda Castagnola
and the boys
Crofton, Maryland, U.S.A.

If the disputants in the everlasting bilingualism debate can agree on nothing else, perhaps they could at least stop talking about "forcing French down (our, their, my, somebody's) throat."

This silly phrase has become such a fixture of the bilingual discussion that even the Prime Minister uses it when defending the government's program; the government is not, he says, "trying to force French down anyone's throat."

Along with conjuring up all sorts of unpleasant anatomical images - are there to be large French-language dictionaries forced down? or the collected works of Balzac? or Descartes? Discourse? - this expression seems also strangely reversed. Surely the dark and sinister aim of the Francophones is to force French up the throats of Anglophones, not down.

In any event, at least for the benefit of those who take trouble swallowing as aspirin, couldn't we expunge this careless and destructive allusion to force-feeding? It doesn't do much for our mental state - or for the unity of the country.

Financial Post

Editor's notebook

BY JIM BADGLEY

Residents of Dysart et al will get a chance to test their skill at raising money over the next few months and hopefully enough can be raised to repair the arena.

This will be one of the more important projects a municipality could set out on. Arenas are a very important part of any community. To my way of thinking, the community centre is one of the main links in keeping a municipality together.

Although estimates have not been received on the repairs to the arena, I have heard figures as high as \$50,000 and possibly higher. At \$50,000, \$12,500 will have to be raised in the community which is a fair sum of money.

Now some will say, our municipal taxes are high enough so let the municipality raise the money itself. Well that is fine but that would also mean that the arena repairs would not be eligible for a Wintario grant of 75 per cent of cost. As well, the municipality just cannot afford to spend \$50,000 on the arena.

Wintario walks in strange and sometimes wonderful ways and it seems difficult to cash in

on all of those dollars we have been giving the Ministry of Culture and Recreation for the past year or two. Now Dysart has a golden opportunity to pick up a pretty good chunk.

One suggestion I could think of is for what ever group attempts to raise the money for the arena, is to set the target quite a bit higher than is needed. Perhaps with a little bit of luck an additional \$5,000 or \$6,000 could be picked up which would help make some improvements to the building.

Not knowing how Wintario would react to extra money being raised, I cannot really say if they would give more for more money raised, but you never know unless you try.

Maybe these repairs to the Dysart arena will be a little bit of a blessing in disguise. Perhaps we will see the fund raising potential of Dysart et al, and go on to raise money for many more things. It should also bring the community closer together with a common purpose.

We hate to keep going back and pointing out the job Wilberforce and the rest of Monmouth townships did in raising money to make the

repairs on their arena.

They were able to raise a great deal of money very fast and with a total effort from most of the people in the community.

Dysart et al has a bigger population than Monmouth, much more trade and commerce and much more potential, there should be no problem raising the money for the arena in this area, if everyone gets out and works hard on the project.

For those of you who were at the Haliburton Highlands Secondary School Awards night, you got a good look at the future of the highlands.

The students who received awards for their achievements in school must be commended for the fine way in which they dedicated themselves to the task of learning.

No doubt the future of the Highlands, Ontario and Canada is with the people in school today. By and large I think the future is in pretty good hands.

Tri-county league

I am sure by now that many people are aware of some changes which have occurred in the Haliburton Minor Hockey System. With these changes sometimes there is confusion. It is hoped that this article will clear up much of the confusion.

One of the biggest changes will be in the naming of our teams. What was formerly the all-stars will now be called the O.H.H.A. Representative Team or more commonly the Rep. Team. What used to be called the House League will now be called the "Tri-County" teams.

The reason for these changes is the fact that players from both divisions will be travelling to the same areas to play. This means that players from the O.M.H.A. Rep. teams and the Tri-County Sunderland, Beaverton, Fenelon Falls, Bobcaygeon, Minden and Little Britain. The schedules for both groups has been drawn up and will soon be published and posted on the arena bulletin board. Some teams have already begun playing, with our local O.M.H.A. Midget Rep. Team being successful over Omemece on Saturday night.

From the list of areas where we will be competing it can be seen that both groups of teams will be involved in a larger degree of travelling than we have been used to. This will require strong support from the parents to assist with travelling and cheering on of our boys. The schedules have been drawn up so that our teams play a home and home series against each area. This means that each team will visit each area only once. With all the parents working together, it will not create a great burden for a few drivers.

The advantage of this program of hockey is that our boys will become involved in a better class of hockey which will in turn improve their own hockey skills. In addition, our boys will meet and make friends with boys from other areas, gaining new knowledge and experiences.

This program will only work if each and every person becomes involved and supports the players. If you feel you can offer any service, please call any one of these coaches who will be glad of your help.

TRI-COUNTY SYSTEM

Atoms: Ed LaPorte 457-1669
Pee Wee: Bill Hartin 457-1629
Bantam: Paul Espie 457-2737
Midget: Peter Barclay 754-2367

O.M.H.A. REP. TEAM

Atoms: Curry Whittaker 457-1970
Pee Wee: Larry Robinson 457-1014
Bantam: Rick Bain 457-2837
Midgets: Bill Davis 286-1517

One area we do need help in is that of timekeepers and referees. To aid people in learning more about refereeing, there will be a Level 1 Referee's Clinic held in Haliburton on Monday, Nov. 8, from 7-9 p.m. at the Senior Elementary School and from 9-10 p.m. at the arena, at a cost of (\$1.00) one dollar. There will be two hours of in-class instruction and one hour of on-the-ice instruction. For more information and registration, please call Roy Scott at 457-2403.

Echo Sports

The Omemece Midget's goalie got to see lots of action like this in a game Saturday night against the Haliburton Midgets. Haliburton came out flying in the game and

never let up to down Omemece 22-0. Haliburton coach, Bill Davis said he was surprised at the number of goals his team was able to build up but hopes it is a trend

that will continue for the rest of the season. Davis said he expects the opposition to get tougher as the season goes on.

Huskies bomb Colborne in season's opening game

The Haliburton Huskies started fast Friday night with a goal at the 19 second mark, on route to 11-3 bombing of Colborne Mustangs in the Colborne Arena. Tim Oram opened the scoring unassisted. Colborne came back with

less than two minutes to go in the first period to even the count when Rick Palmer scored from Glen Scriven. The Huskies major attack took place in the second period when they outscored

the hometowners 7-1. Bernie Nicholls gave the Huskies the lead for keeps at the one minute mark of the second period when he scored from Barry Shaw. Ed Roberts fired one home just over one minute

later from Dan Curry and Jim Thompson.

Colborne got back into the play briefly when Trevor McBride connected on a passing play from Lloyd Barchuk and Ian Williams at the 4:42 mark of the second period.

Shaw got the Huskie going in the right direction again when he scored his first of two goals at 7:22 with an assist from Dave Levely.

Levely connected with a pass to Thompson at the 9:55 mark and then hit Shaw again at 10:28 to give Haliburton a 6-2 lead.

Joe Roberts scored unassisted at the 13:58 mark to put the Huskies further into the lead.

Larry Stinson got the final goal of the second period at

16:04 when he netted a pass from Randy Barras.

The Huskies came out flying in the third period as well. Levely picked up his first goal and fourth point of the night on a pass from Mark MacDuff at the 5:39 mark.

Six minutes later Dave Hartwick widened the game to 10-2 scoring from Bart Barnes and Nicholls.

Stinson's second goal of the night was the final one for the Huskies at the 12:09 mark from Curry.

Marty Kernaghan scored at the 13:40 mark to make the final count 11-3.

A total of 36 penalties were assessed in the game with 20 going to Colborne.

What a shut out, Midgets do it 22-0

One of the few things the Omemece midgets did right Saturday night in Haliburton was finding the arena, from there on in it was all down hill.

Haliburton scored six first period goals, 11 second period goals and five third period goals to down Omemece 22-0.

Chris Roberts and Craig Woods shared the shutout.

Bernie Nicholls lead the way for the Haliburton squad with eight goals and two assists.

Nicholls opened the scoring at the 5:35 mark of the first period on a passing play from Dave Harrison and Dwight Sisson.

Chris Hodgson ran the count to 2-0 one minute later from Dean Potter and Ed Roberts.

One minute after that Mike Scheffee netted a goal on a pass from Roberts.

Haliburton scored three goals in quick order with only three and a half minutes to go in the first period. Scheffee from Potter, Nicholls unassisted and Bill Musclow from Kevin Noseworthy.

Nicholls counted twice in a row to open the scoring in the second period, from Sisson and Harrison at the 5:30 mark and from Scheffee and Potter less than two minutes later.

Nicholls went on to set up Sisson one minute later and helped along with Harrison to give Sisson another goal just after 27 more seconds had gone on the clock.

Twelve seconds later Nicholls connected again from Sisson.

Chris Hodgson got Haliburton's 12th goal one

minute later from Potter. Other Haliburton scorers in the second period were Scheffee from Noseworthy, Sisson unassisted, Nicholls from Scheffee and Kevin O'Hara, Noseworthy from Musclow and Nicholls from Mike Iles.

In the third period it was

Minor hockey

Changes in hockey

Hundreds of boys are taking to the ice under the capable management of this year's Haliburton Minor Hockey executive.

There will be some changes this season, with players travelling more but getting more interesting competition. The former house league teams of Haliburton and Minden will now participate in a Tri County League and the O.M.H.A. representative teams will be involved in a much larger area that includes teams south of Fenelon Falls.

Junior games have moved to Friday night in Haliburton and Saturday night will now be set aside for Atoms and Midgets O.M.H.A. competition.

Hodgson from Rod Consack and Potter, Noseworthy from Scheffee, O'Hara from Nicholls, Consack from Potter and Nicholls from Roberts. A total of 15 penalties were assessed in the game with eight going to Haliburton.

Vice President Roy Scott recently completed arrangements

see page 11

Midgets take on Ops Sat.

The Haliburton Midgets, hot after a 22-0 opening game win against Omemece take on Ops Saturday night at 8:30 at the Haliburton arena.

The next game the Haliburton Huskies have will be Sunday afternoon at 2 p.m. in Wellington. The Huskies first home game will be Sunday, Nov. 14 at 2 p.m. when they take on Bobcaygeon.

DATED AT STANHOPE this 3rd day of November, 1976.

Gerald C. Bain,
Clerk and Returning Officer.

This and that

By Jennifer Woods

Eggs are a staple of our life. They are nutritious and economical and can be served in many appealing combinations. A truly fresh egg can be determined by placing it in a bowl of cold water, if it floats it is usable. Unshelled on a plate a fresh egg has a yolk that comes up and stays and a thick and translucent white. In most recipes 2 oz. eggs are used and this weight of egg is usually referred to as large. When cooking eggs they begin to thicken at 144 F. It is very important not to use excessive heat when cooking as this will cause the eggs to curdle. The egg yolk is about 1/2 fat and when used in a pudding or a sauce this causes the thickening.

"Nutrient Value of Some Common Foods" put out by the department of Health and Welfare states that one 2 oz. (large egg) contains 6 gm. of protein, 6 gm. fat, 27 mg. calcium, 1.1 mg. iron and 590 International Units of Vitamin A.

Although there is really nothing more appealing than the smell of eggs and bacon in the morning I have some egg recipes which will give you a little change.

Eggs Benedict

Toast 6 rounds of bread or halves of English muffins and cover each with a slice of ham. Top with a poached egg and cover this with Hollandaise Sauce; melt 1/2 cup of butter, set aside. Then place on top of double boiler filled with hot water, 3 egg yolks. Beat the eggs until they begin to thicken then add 1 tablespoon boiling water. Beat again, and add 3 more tablespoons of water, beating constantly while adding the melted butter. Add slowly 1/2 teaspoon of salt and a few grains of cayenne. It is very important to continue beating at all times. A wooden spoon is the best tool.

Quiche Lorraine

This makes a most delightful supper dish and I use a simple recipe that has never failed for me. Prepare a 9 inch pie shell. Beat 4 eggs with 1/2 cup of cream of milk and pour into pie shell. Then garnish with chopped ham and cheese. The additions are up to you. Bake for 35 mins. or until the top is golden brown. Serve at once. It is excellent served in tiny slices as an appetizer.

Poached Eggs Blackstone 6 servings

This is one of those special recipes reserved for late Sunday mornings. Cook 3 slices of bacon, then mince. Save the drippings. Cut 6 slices of tomatoe 1/2 inch thick and season them with salt and pepper. Dip the slices in flour and cook them in the bacon fat. Sprinkle them with the minced bacon and cover each slice with a poached egg. Then pour Hollandaise Sauce over the eggs. Superb!

Lots of "good eating" to you all and have a wonderful time with these recipes.

The facts about advertising in Haliburton County

Over the next few weeks we'll be giving you the Facts about advertising in Haliburton County. We'll deal with effective advertising, costs, reach and much more.

For instance, a little known fact is that the actual cost of reaching people with your advertising message in The Echo and The Minden Recorder is going down. It's because circulation is far outgrowing any increases in the advertising rate.

Three years ago the cost of reaching each Echo subscriber with a full page ad was 4 1/2 cents, a pretty good bargain. Today to reach the same Echo subscriber with the same size ad is about 3 1/2 cents. And when you advertise on a combined basis in both The Echo and The Recorder the cost for the same size ad is under 3 cents.

If you look at the facts, they'll tell you the real story.

Echo Family

Minden News

Sincere sympathy goes to the family and friends of the late Winnie Minto who died last week end.

At the weekly Mini Card Party at the Parish Hall last Thurs. afternoon, winners were for bridge Doris McManus, for cribbage Lilian Davidson (perfect score) and Mary Maidens, for euchre Mary Little, May Wright and lone hands Mae MacArthur.

Week end guests with Mr. and Mrs. Angus Coulter included Gerald Coulter of Toronto, and her sister Mrs. Abe Upton of Utterson. Mrs. Myron Bethune of Utterson was also visiting relatives in the village.

Peggy and Sid Brown are home again after a few days visiting in south-western Ontario.

Foster Hewitt and Lori Burns of Toronto were weekend guests with his parents Mr. and Mrs. Ern Hewitt.

Mr. Stan Noels of Ottaville spent a few days last week visiting Lydia and Angus Coulter.

There is Adult Skating for everyone every Wed. night from 8:30 - 10 at the Arena.

Mr. and Mrs. Howard Crosby and Mrs. and Mr. Howard Hagerman of Markham were recent guests with Mr. and Mrs. Alexander Stewart. Mr. and Mrs. Stewart will be at home to their friends early in November when they return to the Mark Vasey house for the winter.

Congratulations to the newlyweds Mr. and Mrs. Bill Reynolds (nee Carol Rorabeck) who were married Saturday at Maple Lake Anglican Church.

There will be a Bazaar-Tea at the Hyland Crest Auditorium Nov. 10th from 2-4 with the residents in charge of the Bazaar items.

At the L.O.B.A. Card Party at the Orange Hall, Oct. 25th, winners were for cribbage Fred Wright and for euchre Vera Fuller, Florence Robinson, George Hewitt and Bill Elcome. After the games all enjoyed a social half hour and the delicious lunch served by the ladies.

If you were watching Front Page Challenge last week you would see David Trumbull, who was 109 years old. He was born and raised in Haliburton starting work in lumber camps at 8 years of age and just retired 15 years ago. He had four wives and had nineteen children. Incidentally he is a great uncle of Bertha Hughes and her sisters.

Bill Smiley

© The Argyle Syndicate Ltd.

AN ENGLISH poet (Browning?), asked a rhetorical question years ago: "What is so rare as a day in June?" The obvious answer is "Nothing." Maybeso. A day in June in England on which it is not raining is a rare thing indeed, and something quite fine. The world is green and soft and effulgent with the sights and

scents of flowers. But the sentiment hasn't much meaning to a Canadian. A day in June usually means a heat wave and mosquitoes. Soggy armpits and an irritating whine in the bedroom. Making much more sense to a Canadian would be: "What is so rare as a day in October?" I don't know

about you, but for me, there is nothing on God's good earth to equal a golden October day, when the air is as clear as the thoughts of a saint, the land lies fallow, and the wild, free honk of the geese sends the chills up the spine.

In the West, the poplars shimmer with their burden of gold coins. In the East, the Master Painter has got drunk and is slashing unbelievable colors across the landscape.

Mother Nature has delivered the fruit of her womb, and is still feminine, lying back and suckling her children, spent but resting. She has not yet done her transvestite bit and changed into the clothes of Old Man Winter, quite another kettle of fish.

On the golf course, the turf is still green and springy, and it's almost a pleasure to lose a ball in a heap of fallen leaves.

On the bay, the water is a blue so intense that it shouts back in mockery to the deep, calm blue of the sky.

Around the pot-holes and sloughs, there is the tense thumping of the heart as the ducks head in to land, or take off with a suddenness, in morning, that makes the adrenalin pump.

On the rivers, wrapped like Eskimos, the anglers tease for that last, lurking rainbow trout that will go ten pounds.

There is thump of leather on leather as the football heads for a climax. And there is the headiness of track meets, where the young push every sinew to jump farther, run faster.

There is the ritual raking of the leaves, and the jumping in the leaf-piles by the little folk. And, if your town hasn't passed a stupid by-law against the burning of leaves, there is the sheer joy of that.

Let me hesitate a moment there. The burning of the leaves is just as symbolic as the planting of the first seeds and bulbs in the spring. It should be a time for neighbors to be out, chatting quietly and raking the flaming bits back onto the pile. A time for children to stay up late and poke the bonfire with sticks. It should be a time for incantations. We are cremating our beloved, with tenderness and regret, but without sadness. We know they will live again.

Maybe that's what October is all about. It is a time of dying, when life flares up in all its splendour, briefly but

brightly, before going quietly and with dignity, to the grave. Sometimes all these things come together on a Canadian Thanksgiving Day. What is so rare as a day in June, indeed!

Give me an October Thanksgiving, with the yellow sun filtering through the wild ecstasy of the maples, and the water and sky so blue it hurts, and I'll give you a glimpse of glory.

Come in from golf, or fishing, or hunting, or just walking, into the incredible smell of roasting turkey, and you've had a glimpse of paradise.

Draw me up to a blazing fire of oak logs, and the bite of a good rye, and the women making gravy in the kitchen, and the grandchildren climbing all over me, and a discussion of those other turkeys, the Toronto Argonauts, and I wouldn't trade places with the Shah of Iran, the Queen of England, or the Pope.

It's then I have my personal Thanksgiving. It's a long time to be married to a strange woman, but we're still together. My grandbabies are as bright as butterflies. My daughter has her head sorted out, and is tough and self-reliant. And quite beautiful, despite the new toughness.

There is food in the house. There is oil in the tank, even though we may be feeding the furniture into the fire in ten years. My arthritis is only ten per cent worse than last year.

I have some good friends. I like my work. My teeth are getting ropy but my hearing and sight are excellent. My morals seem to be in the same old shape, not good, but so-so, no worse.

I don't have any great aspirations taht are unfulfilled. In fact, I don't have any great aspirations, which fact considerably annoys those who think I should.

I'm sorry. This sounds completely hedonistic. And it is. I've paid my dues in suffering and frustration. I'd like to sit back and watch my belly grow (which it won't), and tell my grandsons tall tales, and chuckle at the absurdity of the human race.

Maybe next week I'll be on the barricades with Women's Lib or Labour or the AIB or food parcels to white Rhodesians. But this week I'm just on my Thankful kick. © The Argyle Syndicate Ltd.

Cub and Scout News

The boys and leaders were amazed at the size of some fish. Apple Day

Last October 9, the Cubs and Scouts participated in our local Apple Day. Although the weather was wet and snowy, the response was excellent. During the day the boys were judged on how well they had decorated their baskets. Winner of Pack A was Mike Tapp. Second was Mike Sawyer. Third went to Sean Salvatori. Winner of Pack B was James Austin. Second went to Tran La Rue and third went to Mike Parish. The

140 Attend

Horticulture meeting

Delegates from 18 Horticultural societies within four countries attended the annual district four meeting recently in Kinnmount.

A total of 140 representatives attended the meeting which was hosted by the Kinnmount and District Horticultural Society assisted by the hall board catering committee.

Martha Mansfield and Charlene Fountain, society president, welcomed the assembly.

Clarence Tink of Hampton District Director, Mrs. F. Chiddicks of Bobcaygeon, and Mrs. H. Jose of Newcastle, Assistant Directors, were elected by acclamation for a second year term.

Russell Gomme, secretary of the O.H.A. and Mr. A. Crawford, its immediate past president, spoke on relations of district to individual relations of district to individual society, with respect to finances and horticultural projects. Mr. Gomme acted as counsel for the business meeting.

Lynn Dennis of the Royal Botanical Gardens, Hamilton gave an illustrated talk on youth programs.

LeRoy Brown, recently retired as District Representative of Ontario Department of Agriculture spoke on putting gardens to sleep for the winter, and on the oriental art of "bonsai", dwarfing trees by pruning for ornamental purposes.

Mrs. Brown gave a craft demonstration. As the meeting came to a close, the Grafton society representative announced that they would host the 1977 Convention.

best baskets done by the Scouts were those belonging to D'Arcy Poole and Kevin Barnum.

The Leaders, Cubs and Scout wish to thank all those who generously donated their time and money towards making Apple Day 76 such a success. Scout News

Ed Whiteway, Scout Leader, reported that 8 new Scouts have joined. They are Jamie Bennett, Bradley Chambers, D'Arcy Poole, Scott Rae, Boyd Brooks, Norman Barry, Dean Curry and Paul Guilder.

Haliburton Highlights

Bob Davis was a recent speaker at the Haliburton Rotary Club. Bob showed about 300 slides of a canoe trip and a long hike in Labrador and Northern Quebec. As usual Bob's program was very interesting and the slides of the area left one with a great respect of Bob and his lone adventure in parts of Canada that few of us will ever see.

Speaking of the Rotary Club of Haliburton, Ken and Edith Jackson of Haliburton former owners of the Riverside Restaurant will now be doing the catering. Bill Vanderhorst was thanked for the past months catering.

The South Algonquin Kinsmen Club will be holding a Monte Carlo night in Wilberforce on Wednesday November 10 from 8:30 p.m. to 2:00 a.m. Games - Prizes - Bar. Elimination draws for cash prizes.

The Municipality of Dysart et al have announced that no parking will be permitted on Snow routes which interfere with snow removal operations. Failure to observe this regulation will result in removal by wrecker, authorized by the Road Superintendent, Sidney Roberts, of the offending vehicle and impounding all towing fees are paid.

Aids and appliances modified for the use of blind people are available through The Canadian National Institute for the Blind. From games including Monopoly and Backgammon to Braille watches and cooking timers - all these and many more are adapted for the use of blind people.

The Rotary Club of Haliburton was in sixth place in District 701 for the month of October.

May we remind you that Poppy Day will be held on Saturday November 6th, so please buy a poppy on this date. November 4th to November 11th has been set aside as Remembrance Week.

Hunting season is underway and we hope that we will get by the two weeks without any serious accidents.

Provisional County of Haliburton

TENDER CALL

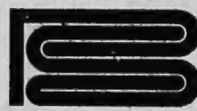

To deliver and supply #2 Light Industrial FUEL OIL for the period of one year from December 1, 1976 as follows:

Fresh Hot Rolls

our own Homemade Deep Dish Apple Pie

Just \$5.95 per adult and \$3.00 for kids under 10.

Why not make Sunday your day to come and enjoy Ontario's newest resort Inn. You'll be glad you did!

RESERVATIONS

457-1800

From the Chamber

by Bob Stinson

Last week's column regarding the new Ontario property tax proposals has generated considerable interest and we do hope that any of you who are concerned by its effects are writing letters. Gordon Jones has called the office and arranged to do a telephone interview with us about it on the C.B.C. Northern Network this Tuesday A.M. With this added publicity we would hope that there will be a lot of correspondence generated on the subject.

If you have been into the Chamber office and struggled with our sticky front door, you will now find that it swings wide and free. A work party this week-end of Chamber Directors, John Teljeur and Dennis Casey jacked up and straightened the building. Now it remains to insulate the perimeter of the foundation and get it closed in for the winter. In the meantime, please excuse our untidy conditions.

The Chamber is now heading into the home stretch on a difficult year financially. Our success for the balance of this fiscal year will depend very heavily on a number of fund generating projects. We do urge you all to support us with our telephone directories, birthday calendar and the Elimination Draw Dance. These projects must show a profit in order for us to provide good promotion for the county and end up in the black.

All members have been mailed order forms for the copy in the 1977 Haliburton "Lure" book and we wish to remind you that the deadline for returning your information is November 15th. If anyone is considering becoming a new member in the Chamber they should let us know before that date to be included in the 1977 book.

We met with Canada Manpower people this week and our new "Outreach" office should be open in Haliburton shortly. Arrangements have been finalized to hire the necessary staff and obtain suitable office space. The Chamber is quite optimistic about this new venture and the far reaching benefits it may have.

We met Gord & Betty Bennett this week, who have just purchased Little Hawk Resort. They have moved here from Bolton and intend to keep their resort open all year with particular emphasis on the snowmobile enthusiasts. We hope you will all welcome them to our community.

We also welcomed three lumber businesses to our Chamber membership this week. Peterborough Lumber have enrolled their new Minden store and purchased an advertisement in the "Lure" book. Mel Robertson after about 2 years of painstaking work has literally hand build a new sawmill operation and is now ready to start the operation of Robertson Lumber near Minden. Carnarvon Lumber was previously a member as a branch of Emmerson Lumber, but has since been sold to Gary and Rick Bailey and Candice

see page 11

Report from Parliament

By William C. Scott M.P.

Next Thursday, the 58th anniversary of the end of hostilities in World War One, millions of Canadians from one end of our country to the other will gather to observe Remembrance Day, and to pay homage to those men and women who gave their lives in Canada's wars.

The highest tribute that can be paid to anyone is that he was prepared to pay the supreme sacrifice to defend and preserve our ideals and our freedoms. Since the beginning of this century, more than 100,000 Canadians have made that sacrifice.

The one thing that comes through loud and clear in these observances of our war dead is that, the passage of time does not in any way diminish the glory of their acts, nor does it lessen the importance of their great contribution to the free society that they loved and cherished.

Those of us who are left owe our all to the sacrifices that they made for us, and it is with a mixed feeling of sorrow, of sadness, and of pride and thanksgiving that we gather on that day each year to honour their memory.

In a very real sense, all that we can do to repay our fallen heroes for their sacrifices is to resolve that they will not be forgotten. We have undertaken to do this in many ways, with monuments, parks, scholarships, athletic events, and in many events sponsored by the national veterans organizations.

The Royal Canadian Legion has done, and continues to do, a remarkable job of ensuring that surviving veterans and their families are looked after, and that their comrades are made aware that they are not alone or forgotten. These efforts on the part of the Legion have also paved the way for the passage of legislation in our Parliament designed to ensure that our aging and disabled veterans may live in dignity and comfort.

One important aspect of the annual observance of Remembrance Day is that it gives us all an opportunity to rededicate ourselves to the ideals that motivated whole generations of young Canadians. And, it gives us an opportunity to pass the torch of remembrance to today's young Canadians, who are too young to remember the sacrifices of their fathers and grandfathers, but who are nonetheless the beneficiaries of their sacrifices.

It has been said that a nation that does not observe the past does not have a future, and all too often this has proven to be true. A very important part of our past is our wars, and the people who went away to fight in those wars.

It is therefore fitting that we observe the anniversary of that war that was supposed to end all world wars, and so to observe all other wars that have been fought since then, and that we have been involved in as a nation.

We celebrate these occasions in a way that would please those in whose memory these celebrations are held. There are military bands, flags and bunting, marching troops and veterans, laying of wreaths, and messages of tribute delivered by Canadians from all walks of public and private life.

As we celebrate on these occasions, we hope that our departed heroes will know what we are doing, and that they will approve. We hope that they will feel that what they did was worthwhile in terms of that time in their lives, and we hope that they will feel that their sacrifice was not in vain when measured against what we have done since.

Most of all, we hope that we are worthy of them and their memory, and that when the final bugle notes are sounded, we will be accepted once again into their company. Let us always remember that we who are left are only the trustees of what they left behind.

H.H.S.S. News

by Becky Davidson

Hi-Lander '76, our yearbook, has now arrived. Students are quite pleased with the book. The yearbook staff would like to express their thanks to all yearbook purchasers.

H.H.S.S. will be having their first dance on Friday, November 5 at 8:30. It will be a Sadie Hawkins featuring CKLY's disc jockey.

Our girls' field hockey team participated in a tournament at Kenner. They had tie games with Kenner and Cobourg and a 2-0 loss to St. Pete's.

The girls' basketball team hosted LCVI October 28. The Lindsay midgets won 38-25. Our high scorer was Kelly Martin with 9 points. The Lindsay juniors won 53-31. Our high scorer was Alison English with 17 points. The Lindsay seniors won 67-30 with our high scorer being Donelda Danilko with 8 points.

An excellent home football game was played against Brock Thursday October 28, with Brock being victorious 29-16. The game was tied 16-16 at the end of regulation time. Two 7 1/2 minute halves were played and Brock scored the remaining difference of 13 points. Haliburton is now eliminated from further play. Outstanding offensive players were Larry Stinson and Doug MacNab. Honourable mention goes to the entire offensive line. Outstanding defensive players were Tim Oram and Bart Barnes.

The A5 and G3 biology students travelled with Mr. Mowat to the Science Centre on October 26. The A5s found the electron microscope quite challenging while the G3s enjoyed a seminar on human perception and harmful fashions.

Twenty-two G3 and G4 construction students travelled with Mr. Ross and Mr. Valentine to Toronto to see the Eatons Center, CN Tower and the Royal Bank Plaza. The students met Robert J. Butler, chairman of the T. Eaton Co. Limited. They were given a complete insight into the construction and operation of three of the most modern buildings in the world.

Mike Miscio had his hands full when he walked out of the bush near Miner's Bay. His hands were full with these two timber wolves. Mike got the pair in his traps. He said that there appears to be a high population of wolves in the bush and noted that there were at least five more running in the pack that these two are from.

The mentally retarded helped locally by HCDAMR

What is HCDAMR? What is their role in our community? Whom do they service and why? Can retarded persons actually be trained to find their place in society? Why should society be concerned with the problems of the mentally retarded? Why aren't these people being placed in Government Institutions?

Seeing the accomplish-

Fails to take breathalyzer test

The trial of Edward Sevic of Etobicoke on a charge of impaired driving and a charge of failing to comply with a demand for a breath sample began on October 27 in the Provincial court in Minden.

Mr. Sevic was charged Nov. 1, 1975. He was followed from the main street of Minden along highway 121 by OPP officer Brown and auxiliary officer Harrison on Hallowe'en night.

He was stopped and taken to the Minden detachment, the officers testified, where he failed to complete the breathalyzer test, Constable Brown said.

There are other witnesses yet to be examined, and court ended on October 26 before the case was finished. The trial will continue on January 11, 1977.

ments to date in the race to conquer outer space, we are amazed at what the human mind has been able to discover and create. Even more amazing is the fact that so little is known about the creative mind itself. When a computer that controls a launching to the moon goes haywire, it can be modified or replaced, but when a child is labelled "mentally retarded", he is placed in a category of retardation which is automatically declared a permanent condition.

Although we affirm that the mentally retarded are human beings in terms of their rights and needs, great support and assistance is required to help them find their place in society.

HCDAMR is an organization of concerned citizens interested in the welfare of retarded persons. The Haliburton County and District Association for the Mentally Retarded has been in existence for 15 years.

There are 122 local associations in the province of Ontario, working under the direction of a provincial association to better meet the needs of the retarded. In order to further the development of means of meeting these needs, the Ontario Association for the Mentally Retarded maintains liaison with the Provincial Government through the Ministry of Community and Social Services, which ensures provision of required

support services and financial assistance.

The role of our association in the community is to assist retarded persons in achieving their place as a contributing member of the community and ensure to them a decent standard of living so that they can walk through life with dignity.

The objective of our association is to include provision of services for all retarded persons in the county of Haliburton, wherever feasible. This involves intensive planning for future program expansion to attract and draw forth many persons who live in the county, but are not receiving benefit from the existing services. If a retarded child is to be provided with the assistance he needs to face the problems of adult life, he must at all times be given the greatest possible degree of participation in life.

The needs of the mentally retarded are determined by the different levels of competence among these persons. Those who are mildly retarded are educable up to about the grade 6 level; roughly 90 per cent of this group are able to hold down jobs with low educational requirements and most can participate freely in the community. Moderately retarded persons can assimilate some very basic elementary education, up to grade 2 level, and can be employed in a highly structured setting. The severely retarded are uneducable beyond the acquisition of basic social skills and can perform only simple assembly and packaging tasks. Among the profoundly retarded, some cannot be trained at all and all require care and protection.

As a result of a number of studies published in Canada and abroad, we have come to realize that the problems faced by the majority of the mentally retarded are primarily of a social rather than a medical nature, and that segregation of these persons in an isolated institution is not an adequate, let alone a suitable form of care. From this awareness a new philosophy has emerged, causing the phasing down of large institutions and the return of all rehabilitable persons from institutions to their own communities. Since admission to these facilities has been restricted to the more severely handicapped, it is the responsibility of our association to retarded persons that remain in the community, to permit them the opportunity to participate effectively to the extent each is able.

They danced all day and earned \$755

More than 30 students spent the day dancing at

\$500 damage

single car

accident

A single car accident Friday morning on Green Lake Road resulted in \$500 damage to a car driven by Joanair Telenko, 20, of RR 1 Haliburton.

The vehicle was west-bound when it hit loose gravel, went out of control and rolled on to its roof.

A two car crash Wednesday afternoon resulted in \$350 damage to a truck driven by Reginald Cook, 67, of RR 1 Haliburton and \$200 damage to a car driven by Doreen Hutchinson, 42, of Haliburton.

The accident took place on Irish Line Road.

A pick-up truck, driven by Douglas J. Moore, 33, of Haliburton received \$1,000 damage when it was involved in an accident with a car driven by James B. Cooper, 57, of RR 1 Haliburton.

The accident took place Tuesday, Oct. 26, on Highway 530. Cooper has been charged with failing to yield the right of way.

There was \$150 damage to the Cooper vehicle.

Haliburton Highlands Secondary School on Saturday, October 30. The dance marathon was held to raise money for the cheerleading squad at H.H.S.S. and for a new set of uneven bars for the girls' gymnastics club.

All but two of the dancers finished the whole day.

Louise Fleming, head of the

cheerleading squad was sponsored for the largest amount of money. Her efforts will raise a total of almost \$50. Second was Lori Simms who will bring in something over \$45.

If all sponsors pay up what they have pledged, the dance will raise \$755 for

the purchase of sweaters, pom-poms and the new uneven bars.

The marathon was organized by Laura Johnson and Rosemary Kenney, teachers at H.H.S.S. They allowed the dancers some relaxation, of course. There were 15 minute breaks every two hours. All concerned must

have been literally buoyed up by their enthusiasm,

since it is reported that a good time was had by all.

Guides and Scouts enjoy Hallowe'en party

On October 27th, the Guides and Scouts of Haliburton came together for a Hallowe'en party. There were arrayed in many interesting costumes.

This was the first coming together of the Guides and Scouts in Haliburton and it looks like it is not the last.

Both groups enjoyed playing games, dancing and of course eating.

The highlight of the evening was the costume judging. The leaders chose three people to award prizes for the most colourful costumes. First prize went to Steven Smith who dressed as a circus clown. Second prize went to Donna Bannon who came as a cute little kitten. Third prize was awarded to Dean Curry who

dressed as a lady.

Sharon Williams and Kelly Roberts designed the horror house in which one person at a time was blindfolded and was made to go through a series of events. The leaders each took their turns going through the ordeal.

During the dancing session Wendy Roberts and Steve Dawson started the first dance with a snowball. This eventually got everybody off their seats. I don't think Jeff Dawson sat down all night.

All in all everyone seemed to have a most enjoyable time and presented the theme of Hallowe'en very well.

Already there are plans to have a Christmas party with the two groups.

New Scouts
Bradley Chambers, Jamie Bennett, Darcy Poole, Scott Rae, Boyd Brooks, Norman Barry, Dean Curry, Paul Guider.

Haliburton hospital patients

In the Hospital this week are Marion Kent and baby girl, Shipley Brohm and baby girl, Debra Bron and baby boy, Myrtle Pollard, Mabel Trumbull, Mary Bannon and Olive Armstrong.

Louise Fleming of Minden came first in the marathon dance held Saturday at the Haliburton Highlands Secondary School. She didn't stay on her feet the longest, since more than 30 who participate danced for the whole day, from 8:30 a.m. to 8:30 p.m.

HELP US KEEP OUR HALL
OPEN THIS WINTER

In appreciation of the support we've received in our 6 Years in Haliburton We Offer these Tremendous Values -
We hope to Serve You even better in the Future, Shop Where it is a pleasure to serve you.

News from Extendicare

by Charles Plewman

THE THOUGHTFUL WORD OF ENCOURAGEMENT THAT MAY BE OF USE IN TEACHING US - NOT SO MUCH WHAT WE ARE - BUT WHAT WE CAN, AND OUGHT TO BE.

Recently the staff have been having lectures on Motivation, as well they might. Not being on the staff I have not the slightest idea what was covered. Motivation has much to do with what we do, and particularly with how we do it. It is important, therefore, that parents should know what some of the factors are that bring about the motivation of their children.

WELL, HERE ARE A FEW:
ACCEPTANCE: The feeling that he "belongs", that he is needed and that he has something to contribute. It makes him feel good to know he is wanted and is part of the team. In a word, he feels secure.

RECOGNITION: We all need it and most of us want it, though we may not admit it. The feeling that we are lost in the crowd, that we are a nobody - discourages us. When your child works hard at home, school or church, we should recognize the fact; thank him and say we appreciate it.

Some church workers carry on year after year with hardly a thank-you. They are just taken for granted. Nobody should be taken for granted. Charitable funds have to secure thousands of canvassers to collect subscriptions from people who want to give but probably won't unless they are recognized by having someone call on them.

APPROVAL: A pat on the back, and encouraging word from a parent, is worth far more than a kick in the shins. When a child makes a poor showing some parents berate him and make matters worse. If a child really tries but still makes a poor showing, he deserves and should get encouragement and support from his

parents. Many a potentially good youngster has been spoiled and driven from his home by a parent who expected too much and nagged him when he did not come up to their standard. These are the moments when he stands most in need of encouragement.

Life goes on much the same. There are those whose condition is such that they require a great deal of the time and attention of the nursing staff. There are others more fortunate who can largely fend for themselves. There are those who are not accountable and others who are, but are still bothersome. Some occupy their time making rugs and what have. All of which are to the good.

Jake Gill is busy running the Country Store and Acting Treasurer of the Happy Gang. The writer of this column is also President of the Happy Gang, which was granted \$9,850 by the New Horizons Plans, all of which takes considerable time and responsibility. To put it mildly, some because of their illness have eccentricities of one kind or another. Put them altogether, and you have a rare collection of individuals requiring a great deal of attention. Personally, I marvel at the patience and cheerfulness of the staff in the face of such heavy and constant pressures. They sure must have their hearts in the right place.

The Happy Gang has just appointed Dr. Oswald Anderson as its Secretary. The increasing work entailed in our Parkland Project has made this necessary.

We have just completed our second artesian well which is 1200 feet deep and has a flow of 8 gallons per minute.

Our Craft Room is being kept busy these days. If you can give some leadership along these lines, phone Mrs. Lewis at 457-1722.

Mr. and Mrs. John Lindsay and Mr. and Mrs. Frank Gates of Oshawa were recent visitors of Mr. and Mrs. Alvin Currah.

The staff had a surprise baby shower for Pat Cummings and another surprise baby shower on Friday for Cecile Richards.

Our Devotional Period on Friday was led by Pastor John Smith of Lakeside Baptist Church. His theme was "The Worth of Man".

We are sorry to report that Mrs. Olive Armstrong is in the Red Cross Hospital. Her many friends hope she will soon be returning.

A lovely going-away party was held for Mrs. Olive Bailey on Friday. Refreshments were served and a little gift remembrance presented. It was her lucky day, she won a rug at the evening Halloween Party. She left on Monday for Sudbury.

It was Halloween and all of us were having one of the strangest and most exciting parties in town. The average age must have been around 70. Maybe it was just a flashback to the days of long ago, or perhaps we were just celebrating our second childhood. At any event, everybody let their hair down and were caught up in the "tricks and treats". Like yesteryear they bobbed for doughnuts, walked on eggs and even followed the moon. With all the lights out the air was curdled with the weird and agonizing sounds of departed spirits. Arne Anderson contributed with the mouth organ. Jane Gill presented the rug to Mrs. Olive Bailey for her winning ticket. Mrs. Miriam Lewis led the proceedings without appearing to do so. Finally we dined on Halloween goodies before retiring a little later than usual. Stand byes like Dorothy Davidson, Kel Andison and Doreen Robertson did their part in lightening things up.

GOD BE WITH YOU
May His Counsels Sweet uphold you,
And His Loving Arms enfold you,
As you journey on your way.

Maple Lake News

We are sorry to see the Pettigrews leave our community. They certainly added their talents to any community programme.

Mr. & Mrs. Cecil Morrison & Son were at Bethynia Farm last weekend.

The Bruce Pettits are doing a wonderful job getting their new home ready. Bruce says he hopes to move in by the end of Nov.

Mr. Bob Davis our roving naturalist is home once again and looks like he enjoyed his trip.

Hunting season is on the way folks, regard Private Property. Be ware, you might find yourselves in trouble.

Our local Residents are following the urge of the wild Geese, "going South". Mr. and Mrs. Fred Prentice are gone, along with Ada Gibbs, for a two week stay also.

A large Bull moose was seen standing in George Beirlys yard Sunday morning. The Beirlys took several snaps while in wondered off up the hillside and maybe the same moose tried to jump a page wire fence on the side of the road "Napier Simpson" Farm. Near Ed Barry's garden, a half hour later was hunched in the fence when Carrie Morrison & a friend in a car came along. The noise of the car gave it a fright and with some lunging and flailing it three itself onto the road in front of their car, jumped to its feet, strolled away into the bush. What a Jolly sight, great antlers rolling from side to side as he made his get away. The day before Moose Season opened and onto Private Property.

Mr. & Mrs. John Dyer have had several trips in Canada during their stay at their summer cottage.

Mrs. Peggy Barclay & daughter are away enjoying a holiday in sunny Jamaica.

Another of our local residents has passed on to a greater reward. Mr. Norman Finney. To Mrs. Finney we sent our Message of Sympathy!

I see that the George Burleys are landscaping their trailer lot and making it warm by closing in the under carriage.

A lovely fall wedding was held at St. Peter's church on Saturday Oct. 30, grandson of L.C. & Alma Morrison.

Anyone having some spare moments, what about the sick & shut ins, give them a call or better still, a 1/2 hr. visit.

CANADIAN ADVERTISING ADVISORY BOARD

John F. Fergus

Well known Legionnaire dies suddenly

The community will be saddened to hear of the passing of John F. Fergus

from page 7

Chamber

Johnson, and they have now purchased a membership in the Chamber.

John Carry called to advise us that the Haliburton Kinsmen have decided to undertake a very worthwhile project. They are laying plans to develop the "Harbun Pot Holes" as a tourist attraction. We certainly wish them success with this as tourist attractions are badly needed here.

The Haliburton Highlands Cross Country Ski Club is making many plans also and Blair Pearce tells us that on November 22nd they will hold a public meeting at the high school to explain what has been done and what they hope to do. The meeting will include some very good basic tips for any of you who are not yet into this sport but would like to try it. Mark this one down on your calendar now.

Monmouth Seniors

The Monmouth Senior Citizens Club which meets in the Lloyd Watson Memorial Centre at Wilberforce is certainly a going concern. The interest shown in the club both by members and the community at large was evident when the club held its annual bazaar and bake sale in the Lloyd Watson Memorial Centre at Wilberforce last Saturday afternoon, October 31st from 2 p.m. to 4 p.m.

Several tables displaying various articles were in evidence. There was a table of beautiful crafts such as dressed dolls, bird ornaments etc, knitted wear and embroidered pillow slips and other fancy and practical crafts. There was a white elephant table of various articles, a touch-and-take table of parcels priced according to the value of contents, a table displaying numerous plants and vegetables and last but not least, a table of various delicious home-made pies, cakes, tarts, bread, rolls, muffins and other goodies too numerous to mention. Needless to say the baking soon disappeared from the table and items on other tables sold well also. Pat Grant was convenor for this undertaking and she and her committee are to be congratulated for its success which shows that they put a great deal of time and effort in it.

The afternoon tea of which a number of interested ladies of the community were in charge was well organized and patronized with the Girl Guides and Brownies very capably helping to serve the lunch. The tables were suitably decorated for Halloween.

The club had three draws. They were for groceries, an afghan and a white wool bed-doll. The bushel basket of groceries was won by Mrs. George Earle, the 11 qt. basket of groceries by Percy Tighe and the 6 qt. basket by Lorne Marshall. The afghan went to Mrs. Blake Barnes and the bed doll to Donna Burroughs.

All in all, the bazaar, bake-sale, afternoon tea and the draws were very successful, the proceeds of which amounted to well over seven hundred dollars. The co-operation and willingness to help was certainly evident among members and all others concerned. The club wishes to express its appreciation and thanks to all those who contributed and helped in any way to make the whole venture so successful.

Maurine Finlay, Corres. Sec.
Monmouth S.C. Club

from page 5

Minor Hockey

ements to have a Level One referees clinic held in Haliburton on November 8. The clinic is operated by the O.M.H.A. and is open to anyone from the county at a fee of only \$1.00. It includes on the ice instruction and is mandatory to anyone who is considering taking more advanced training as a referee.

Len Salvatori, tournament chairman, has arranged an Atom tournament to be held February 11, 12 and 13 and a one day Bantam tournament to be held on March 5.

Ev Dodds at the Allsaw General store is already

looking for donations for prizes to be given at a Bingo planned by the active ladies' auxiliary for December 2.

The boys are also ready for the season, with the Haliburton Midgets and Bantams sporting brand new jackets. Haliburton Minor Hockey sincerely appreciates the participation of the local merchants who outfitted the teams.

The teams should do well this year. Craig Stamp has volunteered his services as head coach and will be available to help coaching staff with teaching skills.

MINDEN - 286-1434
FENELON FALLS 887-3524
LINDSAY - 324-0211

on Monday, October 25 in hospital in Peterborough. John died as he had lived

in Legion. He was chairing the Fall Zone F4 Rally at Br. 519 Cobocook on Sunday October 17 when he was stricken and was rushed by ambulance to Peterborough. On Saturday morning he suffered a second heart attack and died in the early hours on Monday morning.

John and Jean moved to Minden in 1959 from Perth. John became the County Assessor and became widely known throughout Haliburton. He transferred from Br. 244 Perth to Br. 129 Haliburton and brought with him an impressive record of Legion activity. In 1947 he became the first Deputy Zone Commander in the province of Ontario in Zone G2. He held various executive offices in his original branch at Smiths Falls and at the Perth Branch. In Zone G6 he was Deputy Zone Commander for 4 years and at District level was Membership Chairman for 6 years. Upon arrival at Branch 1129 in 1959 he was immediately appointed assistant secretary; and in January 1960 was elected to that office. In 1961 he became branch President. In Zone F4, John was Zone Poppy Chairman for 5 years and at the same time was Zone Secretary. He served a second term as branch President and later became Zone Treasurer. In 1969 he was elected Zone F4 Commander and declined a second term of office in 1971 as he was then moving to Lindsay and later to Peterborough.

In 1972 he was honoured by branch 129 with a Life Membership and although he has lived in Peterborough for the past 5 years he did

not transfer from Branch 129 but drove up from Peterborough to the Regular Monthly meetings. At the Regular meeting on October 7th he completed the re-writing of our branch bylaws - this was a project upon which he had been working for almost a year. John will be missed more than we now realize - there are very few Legionnaires who are as well

versed in procedure and ceremony as he was and his passing will be sorely felt.

John rested at the Kave Funeral Home, George St. N., Peterborough Monday evening and Legionnaires from many points in central Ontario gathered to bid him farewell. On Tuesday he was taken to Smiths Falls for interment. Farewell Comrade John.

Fire department douses car fire

The Minden Fire Department had its work cut out for it Saturday morning when it was called to the scene of a fire which destroyed a 1965 model car. The fire took place on Main Street in Minden. The car was southbound when the engine caught fire. Owner of the vehicle is Palle Larson of Oakville. Larson was charged with impaired driving.

CARRIED

Moved by Jim Harrison
Seconded by Harry Davis
Be it resolved this meeting do now adjourn at 5:45 until November 3, 1976 at 7:30 p.m., unless called sooner by the Reeve.

CARRIED

At Last, a Clubhouse.

The one room schoolhouse beside highway 519 at Donald will be used as a meeting room and clubhouse by the Haliburton County Snowmobile Association. When classes were discontinued there some years back, the building was retained as a recreation centre for the people of the community, and for a time it was the scene of lively euchre parties and other social events. Of late, however, very little use was being made of the hall, so rather than allow it to fall into disrepair, the Dysart Council has leased it to the snowmobile association.

Snowmobilers are not strangers to the building. The Donald Windigos snowmobile club was born there in the Fall of 1969, and the early organizational meetings of the HCSA, 1971, were held in the hall. Though the association has taken its directors meetings to many parts of the County from time to time, ranging as far as Dorset and Harcourt, it keeps coming back to the Donald School. Now, thanks to the kind co-operation of the Dysart Council, it is our legal home.

Some of the earliest trail building efforts were in the vicinity of Donald. Trails to Haliburton, to

Irondale and Geiert were established by the Windigos and later developed for grooming by the HCSA. This year all trails will lead to Donald and most of them will be "Bombi" groomed. Enjoy a pleasant ride and meet your fellow members at the Clubhouse.

Want to help us get the place shipshape? Call W.J. Picard or this writer. Want to donate a piece of furniture, a table maybe? Call us, we'll pick it up. Donated to date: 1 used chesterfield, 1 used easy chair, 1 good gas range, 1 gas heater. Needed: tables, occasional chairs, cutlery, window curtains, etc.

A Grand Opening is scheduled for December 29th, Wednesday of Christmas Week. The Clubhouse will be open at ten A.M. with the coffee pot on. Come by snowmobile if there's snow. There will be rides in the afternoon, a get-acquainted party in the evening. If you must come on wheels, you'll find plenty of parking. Members and guests only, please.

Trail Cutters Relinquish Woods to Hunters

We wouldn't want a snowmobiler accidentally shot. Now would we wish to disturb the game with the noise of chainsaws. All trail cutting activity is curtailed until the hunting season is over.

The Twin Pines Rail, mentioned last week, was extended another mile on Saturday. Roger Green was back with his saw and we were joined by Grattan Woodcock and Ted Iles. The weather was perfect, the woods dry, the walk out was the only hardship. Hopefully snow will come so it won't be necessary to walk next time.

Doctor John Purc is attempting to establish a link from the Minden area to the Peterson Trail. If he is successful in finding a good potential route cutting should begin there immediately after hunting season. Anyone having a knowledge of the area could be very helpful.

Some months ago the Ministry of Natural Resources office at Gooderham proposed a joint project (MNR-HSCA) to establish a route from the Five Point Trail near Gooderham to the Haliburton area. The trail would require a bridge on the Irondale River just west of Gooderham and extensive cutting from Highway 503 north to parallel the County road. Coupled with the alterations planned for our Haliburton-Irondale route, the proposed new trail would provide an ideal loop with numerous access points. We are hopeful that the project can be started soon.

Communications hard to believe says Eakins

John Eakins, M.P.P., Victoria-Haliburton said that he finds it almost unbelievable that the Honourable Margaret Birch, Policy Secretary for Social Development, was not notified of the suicide of a young girl August 20 in the Kawartha Lakes School until she read it in the Globe & Mail yesterday. Mr. Eakins said that Mrs. Birch was visibly shaken and upset that the Honourable John Smith had not communicated this unfortunate incident to his senior Minister.

The Victoria-Haliburton member said that it was time the Training School Act

was reformed and that emotionally disturbed children be treated under the Health Ministry and not sent to training schools. At the present time, Ontario does not provide this form of accommodation.

John Eakins said that he believes the Honourable Mrs. Birch has a genuine desire to reform the Act, but is being frustrated by many of her colleagues, who are simply dragging their feet in this reform.

The local member said that he hopes the mandatory inquest will be held without delay.

Minutes of a Regular Meeting of the Dysart Municipal Council, held in the Council Chambers on Monday, October 18, 1976, commencing at 9:00 a.m.

Stay out of Legion Judge rules

Enuice Peters of Wilberforce was tried at the Provincial court on Thursday on two counts of common assault that resulted from a dispute over a draw for an Afghan. The incident occurred at a dance held at the Wilberforce Legion Sept. 27.

Jacqueline Scott and Margaret Daniels were the complainants in the case. Judge Inrig ruled that Mrs. Peters was the aggressor, although the two complainants were involved in some slapping and hair pulling as well.

He said that there was no provocation or implied consent as defence counsel Ted Gardiner argued.

The judge felt that it was "unfortunate that things of this nature happen in communities where people are trying to get along."

Mrs. Peters was given a conditional discharge. After one year probation the matter will be dropped and no record held if she abides by the conditions of the sentence. Mrs. Peters is to stay out of the Canadian Legion at Wilberforce and pay court costs of \$71.

No. 2971 That the minutes of the meeting of September 10th, 13th, 21st and 30th 1976 be adopted as circulated. Carried.

No. 2972 That the following accounts be approved for payment: General Accounts No. 2502 to 2615 totalling \$366,858.28 Road Accounts No. 3165 to 3228 totalling \$25,197.83 and Social Services No. 848 to 889 totalling \$3,326.97. Carried.

No. 2973 That the Ministry of Transportation and Communications be request to include the Engineering of the Haliburton Village Connecting Link in with their 121 Engineering. The Municipality will assume their percentage of costs as per the connecting link agreement. Tenders to be called immediately the engineering is complete with a construction target date of Spring 1977. Carried.

No. 2974 That the Ministry of Housing be requested to extend the Draft approval on Price Yards, Haliburton Lake for a period of ninety (90) days to facilitate Ontario Municipal Board approval. Carried.

No. 2975 That the application of Royal Village Lodge for a water lot to accommodate existing docking and warf facilities on part of Lot 6, Con. 6 Dysart be approved. Carried.

No. 2976 That the application of M. Golding, Lot 2, Plan 374, Havelock, for a water lot to accommodate Beach and frontage improvement be approved and recommended to the Ministry of Natural Resources. Carried.

No. 2977 That Council concur with the resolution of the Town of Markham reference Wintario Grants for recreation equipment. Carried.

No. 2978 That the Glen Hodgson subdivision be given a six month extension. Carried.

No. 2979 That Council concurs with those locations approved by the Ministry of the Environment as proposed sewage plant sludge dumping locations. Carried.

No. 2980 That Mr. Monteith of the Ministry of the Environment to attend Council at his convenience reference the Derelict Motor Vehicle Survey. Carried.

No. 2981 That Ontario Hydro, Bell Canada, and the Ministry of Transportation and Communication be requested to seriously consider the petition presented them with reference to all the wires going or being put underground when the Haliburton

Village approach is rebuilt during the 121 reconstruction schedule. Carried.

No. 2982 That the Reeve and Clerk be authorized to accept title to the Buckhorn Road through part of Lot 16, Concession 7, Dysart from Popple and Curry. Carried.

No. 2983 That permission be requested from the Ministry of the Environment Mr. F. Morton, to pump holding tank wastes directly into the plant proper with gallionages charged back to the pumping contractor. Carried.

No. 2984 That the Reeve and Clerk arrange to accept a Deed to Lot 35, Plan 462 and arrange to allow Viceroy Construction to construct a driveway and improve the frontage on Block A, Plan 462, for swimming only, said arrangement to be by registered agreement between the parties all work to be carried out under the direction of the Road Superintendent or his appointee. Carried.

No. 2985 That Mr. Agnoluzzi of Lot 24, Concession 1, Dysart, be requested to remove the fence he has erected enclosing the Road Allowances and access to Blue Hawk Lake from the new Buckhorn Road, failure to comply within sixty days will result in removal by the Municipality with all costs assessed to the aforesaid owner. Carried.

No. 2986 That the Road Superintendent arrange to visit Mr. Wm. Gottwald of Bells Marina, Harcourt, regarding the leasing or sale of a small section of the old Irondale, Bancroft and Ottawa railbed for construction of an 80 boat storage facility, sized 50' x 150', insuring of course that sufficient land is retained to accommodate the existing Municipal Roadway to little Farquhar Lake. Carried.

No. 2987 That the Ontario Provincial Police be again requested to establish a detachment in the Village of Haliburton. This request has had the blessing and support of the Glamorgan and Monmouth Councils (whose boundaries about Dysart et al) some time ago. It would now appear that since policing in regional Municipalities will soon become the responsibility of the Region that a surplus of OPP personnel will be available therefore, naturally follows that a Detachment could be manned here at little or no additional costs. The Clerk is further instructed to forward a copy of this resolution to John Eakins, M.L.A. for comment and support. Carried.

No. 2988 That application be made to the Ministry of Transportation and Communications for Interim Roads Subsidy payments to September 31, 1976. Carried.

No. 2989 That By-law No. 76-27 to close a portion of Lot 33, Con. 4 in the Township of Dysart, (Original Haliburton Tory Hill Road - Black Lake Road) be read a first time. Carried.

No. 2990 That Council adjourn to Committee of the Whole for the second reading of By-law 76-27. Lloyd Coneybeare, being appointed chairman. Carried.

No. 2991 That By-law No. 76-27 be read a second time in Committee of the Whole and passed without amendment. Carried.

No. 2992 That Committee of the Whole be adjourned and Council resume. Carried.

No. 2993 That By-law No. 76-27 be read a third time finally passed, signed and sealed. Carried.

No. 2994 That the Ministry of Natural Resources be requested to move their lands section from Minden to the Haliburton Office, these personnel are presently housed in a trailer at Minden while the Haliburton Office is closed. We cannot understand why such a situation is allowed to exist, the lands section could well function from this location which is 15 miles distant from the Regional Headquarters, telephone communications are toll free and in our opinion this would be a natural and responsible move by this Ministry in a year of financial constraint and in view of the very crowded working conditions in the Minden office. Carried.

No. 2995 That the Ministry of Natural Resources be requested to add Bruton, Eyre, and Clyde Townships to the Minden District rather than the Algonquin. Council feels this will increase local employment and is a natural addition since the access to these townships is through the Minden District. Carried.

No. 2996 That Glen Dean Investments Limited be advised that the Municipality is prepared to approve their Plan with Private Road access, provided this recital is included in the subdivision agreement and all lot conveyances, so that prospective purchasers are clearly aware of their access situation. Carried.

No. 2997 That the meeting be now adjourned at 11:30 a.m. for lunch. Carried.

No. 2998 That permission is hereby granted the Haliburton Co-

unity Cross Country Ski Club to cut a cross country trail within the Glebe Centennial Park and that this undertaking be discussed with the Snowmobile Association in order to retain exclusive ski rights where possible. Carried.

No. 2999 That the Ministry of Housing be advised that a piped water supply to the Csanig subdivision, File 46T-75494 is not feasible, nor acceptable to the Township, however, Block A as a 5 per cent is acceptable and will be included in the subdivision agreement. Carried.

No. 3000 That Bell Canada be requested to extend service to the Head of Drag Lake (Haliburton Lodge Vacinity). Carried.

No. 3001 That Council request Lot 19 for 5 per cent on the Kronik Subdivision, Lake Placid. Carried.

No. 3002 That the Fire Department be deputized for Halloween Night, October 30, 1976, as special constables and an advertisement to this effect be inserted in next weeks paper. Carried.

No. 3003 That Council adjourn to November 15, 1976, unless called prior to that time by the Reeve. Carried.

No. 3004 That the Ministry of Natural Resources be requested to move their lands section from Minden to the Haliburton Office, these personnel are presently housed in a trailer at Minden while the Haliburton Office is closed. We cannot understand why such a situation is allowed to exist, the lands section could well function from this location which is 15 miles distant from the Regional Headquarters, telephone communications are toll free and in our opinion this would be a natural and responsible move by this Ministry in a year of financial constraint and in view of the very crowded working conditions in the Minden office. Carried.

No. 3005 That the Ministry of Natural Resources be requested to add Bruton, Eyre, and Clyde Townships to the Minden District rather than the Algonquin. Council feels this will increase local employment and is a natural addition since the access to these townships is through the Minden District. Carried.

No. 3006 That Glen Dean Investments Limited be advised that the Municipality is prepared to approve their Plan with Private Road access, provided this recital is included in the subdivision agreement and all lot conveyances, so that prospective purchasers are clearly aware of their access situation. Carried.

No. 3007 That the meeting be now adjourned at 11:30 a.m. for lunch. Carried.

No. 3008 That permission is hereby granted the Haliburton Co-

Save electricity, save natural resources.

About a third of Ontario's electricity is generated by burning fossil fuels... coal, oil, natural gas. The price of all these natural resources is increasing rapidly. The price of coal, for example, has tripled over the last five years. Higher fuel costs inevitably show up in the price you pay for electricity.

Save electricity, and you'll save money. You'll also be helping to conserve dwindling natural resources for other important uses... transportation, agriculture, chemicals.

Conserve energy.
The future depends on it.

Support Energy Conservation Week, Oct. 31-Nov. 6.

Haliburton history

programs. Sir Sam Hughes' political presentations were long remembered by many of the early pioneers. Late, the 109th Battalion used the Hall for their Headquarters in the first World War.

The Municipal Councils held all their meetings in this Hall. In the early Twenties The Honourable Leslie M. Frost, then a young lawyer, defended many a client in this building. Lord Wellington, Governor General of Canada arrived by special train to visit with people at a special presentation in 1930.

The architectural planning to preserve this Historic

Building has now been completed and stands as a tribute to the early settlers who strived through difficult times to make this a better

community for this and future generations.

Ronald J. Curry
